A Remarkable Remedy

"I think 'Four Barks' is a splendid remedy for cure of grippe as four doses of it gave my daughter who was suffering from this trouble complete relief."

J. M. DERMID.

"It gives me pleasure to testify to the merits of 'Four Barks.' It cured me of a severe case of grippe in less than 24 hours."

W. H. PHILLIPS.

"'Four Barks' is a fine blood tonic. Not long since I got two fingers on my left hand badly mashed in corn crusher. Inflammation set in and I tried every thing I could think of to check it but without avail. I was advised to take 'Four Barks' for my blood. I did so and in a few days my fingers began to heal and in one week time they were well and I could use my hands as well as ever."

J. B. DILL.

"I have great confidence in 'Four Barks.' About a month ago I woke up one morning with cold in head, with copious discharge from nose. 'Four Barks' gave me complete relief in a few hours. It is a great appetizer and is without a doubt one of the finest medicines I ever took."

L. R. SCOTT.

"I think 'Four Barks' is a very fine tonic. It has done me more good than any other tonic I ever took and I cheerfully recommend it to anyone who may be ailing as I think it must be good for most troubles."

F. A. BLX.

P. S. It has cured me of a long standing case of eczema."

"I think 'Four Barks' is a very fine tonic. My wife is taking it and she thinks very favorably of it. A few mornings ago I woke up with every symptom of my old enemy the grippe and one dose of it made me feel alright in a few hours—and I have continued to feel so ever since."

J. A. FRAZIER.

"I think 'Four Barks' is a fine all-round tonic. One bottle relieved me of a kidney trouble of three years standing. It is certainly a great appetizer for I have not been able to get enough to eat since I commenced to take it."

A. R. MAXWELL.

"I consider 'Four Barks' a very fine remedy. It cured me of a severe case of grippe in a remarkably short time. My wife has a very high opinion of it also as she has taken it with benefit."

J. A. GARREN.

TELEGRAPHIC NEWS.

Columbus, O., July 28.—The state militia was ordered out early today to prevent rioting in the street car strike here. Every car is locked in the barn waiting the arrival of troops. An entire brigade of troops has been ordered to Columbus, as the Hamilton Company F, was marching to the station to start for Columbus, was stoned by a crowd and several of the soldiers slightly injured.

Raleigh, July 28.—Thomas B. Johns, a young man employed by the Seaboard Air Line, and who has lived here only about three weeks, was today placed under \$1,000 justified bond by United States Commissioner John Nichols, for using the mails in alleged blackmailing scheme. In default of bond he went to jail.

Shortly after his arrival here, some of the young man's mail fell into the hands of Mrs. Thomas J. Johns, his aunt, and from the similarity of names she thought it was intended for her and opened it. The young man then wrote to her threatening to report her to the government for opening his mail, adding that he would not do so if she would send him \$250. Mrs. Johns mailed him a check for the amount and when he went to have it cashed, he was promptly arrested.

Strike Will Effect 18,000 Men

Chicago, July 28.—A general strike of building trades is decided upon following the Otis elevator dispute. The strike will effect 18,000 men. The men walked out at 5 o'clock yesterday afternoon.

Columbus, Ohio., July 30—Last night parts of the city were in the hands of the rioting street car strikers and their friends, who held undisputed sway for a time. Martial law will probably be proclaimed here today. Mayor Marshall, this morning formally requested the state militia officers to have all tracks patrolled. Five additional companies of the guard were also ordered to hold themselves in readiness for instant call.

During the reign of terror in the city last night there were nearly fifty people injured, many of them seriously.

Forty riot calls were sent in to police headquarters, cars were stoned and lawlessness reigned supreme. With martial law in force the authorities expect to soon resume the operation of the street cars.

Montreal, July 30.—The following telegram from Captain Kendall, of Montrose, was received today: "The supposed Crippers was on deck early looking like one deep in thought. The supposed Miss Leneve was in her room all day. She wears a gloomy look. The suspects said they did not sleep. Miss Leneve does not smile or laugh. Both of them appear haggard."

Cripper was wanted by London police for the murder of his actress wife; and the whole world has been searched to find trace of him and his stenographer, Miss Leneve.

Fifty Persons Killed in Texas Riot

Palestine, Texas, Aug. 1.—A troop of cavalry arrived this morning and is sweeping the country between here and Slocum to save negroes menaced to death by infuriated whites. Worse trouble seems to be over, but spasmodic outbreaks are expected for a day or two. Sheriff Block said today the dead may number fifty, including whites but it would be several days before the figures are complete as many negroes were killed in marshes.

Twelve hundred majority for "Jim" Gudge over John Grant is the aim of every loyal democrat. That is not an impossibility by any means. We ought to make it twice twelve hundred.

Halley's Comet Returns to Hendersonville.

Halley's comet has returned—returned to Hendersonville, of course!

This is a surprising statement, but anyone who may foolishly doubt its truth should look up on the mountain, to the west of town, just above the city reservoir and they will have all doubts removed. For there, flaming bright against the Western sky, may be seen the comet—or at least something that looks like the comet, only more so. Halley's comet was something of a disappointment to the many admirers of old man Halley. A number of people thought, in fact, that they had been buncoed, but this time no feelings of disappointment will mar their pleasure, for the sight presented to their startled gaze is really a superb and awe-inspiring one.

Of course, it isn't really Halley's comet, or any one else's old comet. It is the strings of electric lights on Park Heights tower, in Laurel Park, outlining the structure and stretching twenty or thirty feet in the air, which makes you think that it is the comet returned to Hendersonville as an omen of the most prosperous season the town has ever enjoyed.

The tower is on the top of the mountain, and the new Swiss inclined railway takes you to its base. The car on the railway starts from a brightly illuminated spot, goes up the mountain side through laurel and rhododendron, through darkness which leaves the impression of traveling through a long tunnel, and finally you alight at the tower, in a blaze of electric lights.

Some folks thought, last night, when they saw the blazing stream of fire in the sky, that the town commissioners were celebrating the completion of the magnificent new filtering plant. Mayor Stanton, however, says this was an error. He says that naturally they are all proud of the city filtering plant, and suppose everyone else in town is also, but that they had arranged no special celebration in honor of the event.

It is only one more attraction at Laurel Park, which seems to now have almost everything in that line to be found in any amusement park in the country.

Governor Kitchin Still at Bedside

Raleigh, July 29.—Coil Fields, private secretary to Governor Kitchin, said today that the governor will not return to the city from the bedside of his mother before Monday and that he will return then only in the event there is no change for the worse. She continues desperately ill but there is a possibility for her to linger some time.

Rome July 30.—An anarchist plot having for its immediate aim assassination of Dowager Queen Marguerita and an ultimate wiping out of the entire royal family, was revealed here today, following the suicide of conscience stricken youth who had chosen to kill his queen mother. Plans had been made for assassination but the youth who was chosen by lot, weakened and killed himself, exposing plot before he died.

DO YOU KNOW?

That Bevard Institute offers High School, Normal, Bible, Music, Business, Agriculture, and Domestic Courses.

How thorough all this work is! How well-equipped the teachers are!

How long the expenses are.

That a catalogue can be had for the asking!
